

# **SOCIAL MEDIA POST**

## **INTRODUCTION**

### **1.1. OVERVIEW**

#### **PROJECT DESCRIPTION**

Social media is a tool is becoming quite popular these days because of its user-friendly features .social media platforms like facebook ,Instagram ,Twitter and more are giving people a chance to connect with each other across distances. In other words , the whole world is at our fingers all thanks to social media. The youth is especially one of the most dominant users of social media. All this makes you wonder that something so powerful and with such a massive reach cannot be all good. Like how there are always two sides to a coin , the same goes for social media. Subsequently , different people have different opinions on this debatable topic. So, in this essay on social media, we will see the advantages and disadvantages of social media.

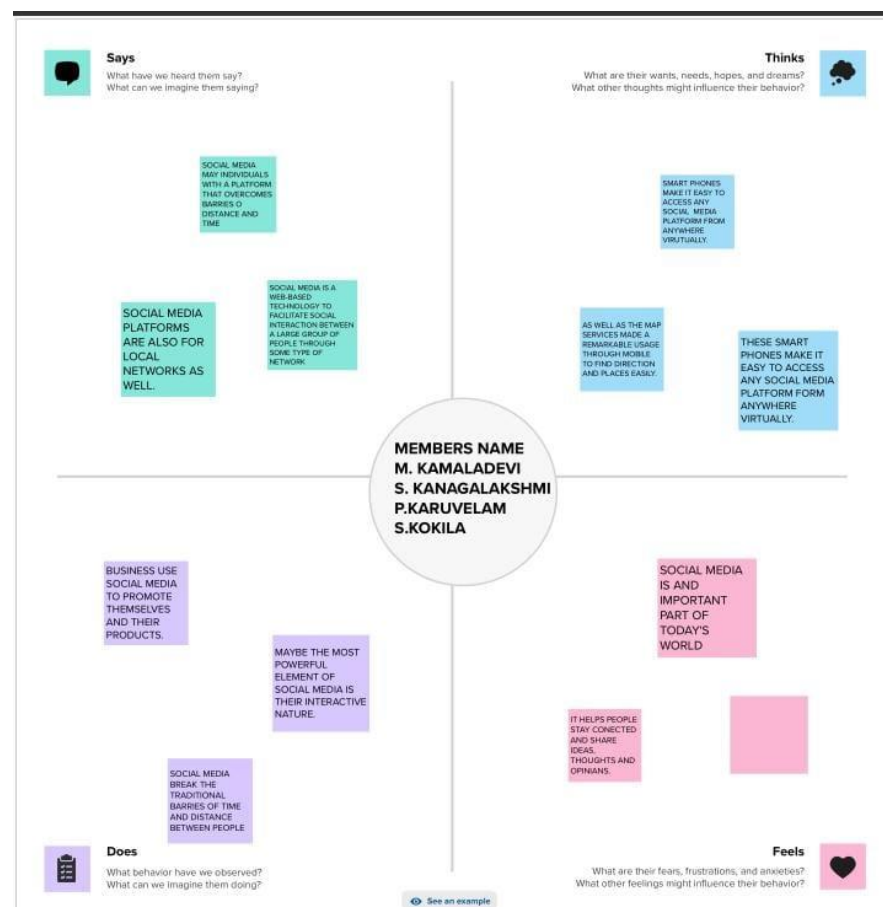

### **1.2 .PURPOSE**

Purpose of social media in today's time is that you are able to share ideas and information in a variety of ways. various platforms permit you to publish your personal thoughts in writing , along with image, videos and audio ; and you might as well hyperlink your viewers to fascinating articles, image , and videos . The information that you share could be either public or private . you can email a personal message to a single individual or broadcast a movie to a worldwide audience through YouTube.

# PROBLEM DEFINITION AND DESIGN THINKING

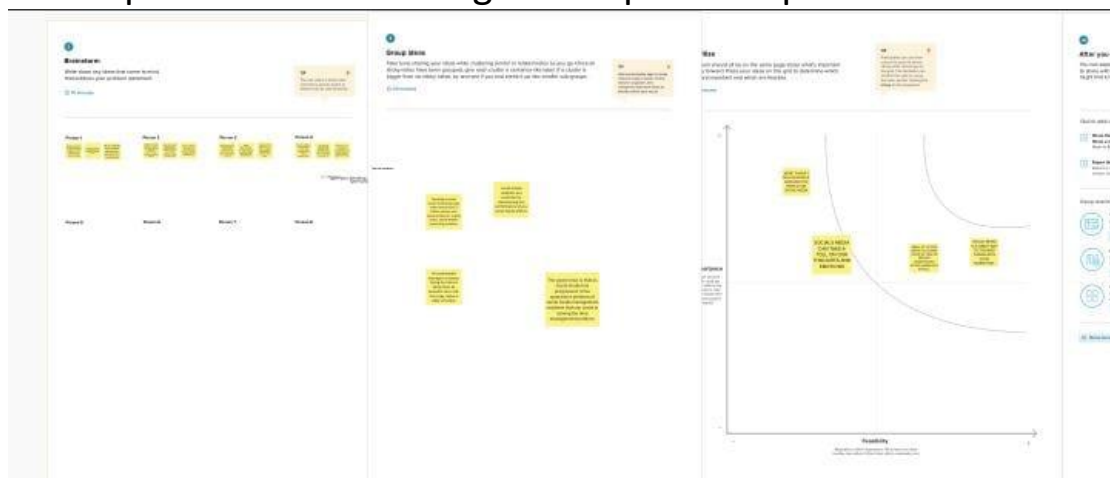

## EMPATHY MAP

Mapping is one of the many visual and graphic ways use to solve problems or chellanges and is extensively used by designers , marketers and problem solvers to be able to develop a eeper understanding of a specific area .Empathy mapping is a simple but effective tool used to visualize user/target market attitudes and behaviors . By making the map visual and directing the inquiry at a specific target we are able to build a much better picture of our market . it's often the case that these kinds of maps can reveal where we have gaps in our existing data and where we have made as.

## BRAINSTORMING MAP

Social media plays a very prominent role in the way we interact with each other, but that doesn't mean content will always come naturally for you. Whether you're stuck because your once-great ideas aren't working so well anymore or you simply have writer's block, try putting these content development brainstorming techniques into practice

## RESULT

Social media has become a powerful tool for businesses to connect with their customers and build relationships. It's also a great way to promote products and services, and drive more traffic and leads. But it can be difficult to know what type of posts will be most effective at achieving those goals.
